WINTER STORMS

TIPS FOR DRIVERS

BE READY FOR HAZARDOUS ROAD CONDITIONS BY TAKING SAFETY PRECAUTIONS.

Winterize Your Car

Check your antifreeze, battery, and windshield wiper fluid.

Keep tires properly inflated and check the treads.

Make sure your headlights, taillights and flashers work.

Keep at least half of a tank of gas in your car at all times.

Expect the Unexpected

AVOID SUDDEN STOPS

Be careful when accelerating or stopping a vehicle on icy roads or hills. Allow extra time to stop. Wet and icy conditions often cause traffic delays.

DRIVE SLOWLY

Don't tailgate and slow down on bridges which may be icy. Don't use cruise control when driving on ice and slippery surfaces.

KEEP AN EMERGENCY TRAVEL KIT

Include items such as blankets, jumper cables, a shovel, a flashlight, salt, flares and other emergency supplies.

Review Your Insurance Coverage

- ☑ COLLISION COVERAGE on an auto policy covers crashes in hazardous driving conditions.
- ☑ COMPREHENSIVE COVERAGE is optional, but covers damage to vehicles from falling ice, hail or tree limbs.
